

901 Train the Trainer Program

Transform Your Facilitation or Coaching Skills in Our Train the Trainer Program!

Our Train the Trainer program is a 3-day intensive designed for facilitators, coaches and organizational leaders. Upskills that will enable facilitators or coaches to host your own 5-Hour training or guide organizational leaders to host in-house 5-Hour JEDI training that will advance new D & I practice and policies while saving time and money.

Highlights:

- **Expert Facilitation Techniques:** Learn JEDI framework and new universal D & I practice that avoid legal risk.
- **Comprehensive Training Toolkit:** Access a rich set of resources and tools tailored for facilitators, coaches, and directors to deliver impactful training sessions.
- **Strategic Leadership Development:** Organizational leaders learn the skills to integrate new D & I practice and principles into organizational strategies and initiatives.
- **Community Support:** Benefit from ongoing guidance from a community of diverse facilitators and coaches in the field of D & I and Healthcare Communication, ensuring you have the support needed to succeed.
- **Empowerment to Drive Change:** Lead change in the new approach to Diversity and Inclusion.

Join us and become a force for change in your organization. Transform your D&I practices and empower others to do the same with the JEDI framework.
